- Replaced belt on street sweeper
- Repaired break line on dump truck
- Hauled rock for around the Recycling Bin

Unfinished Business:

Discussed the purchase of side-by-side. Went over the advantages of having one like the saving on gas, wear & tear on truck. It can be used 90% of the time.

The budget does have \$31,000 available for equipment purchase which this would be divided in thirds, water, sewer & street. David Stolz discussed that maybe this could be a planned purchase in the future.

Noone is totally against the purchase, just not at this time.

The purchase was tabled until after the first of year and more discussion.

It was discussed that Silver St needs a hydrant replaced. It is around \$1800 to replace. There is about 4 in town that need replaced, and none have been done in the 4 years Clifton has worked here.

Will work on replacing one a year.

Clifton was approved to purchase the supplies needed to replace one on Silver St.

Regional Code Book: Book has been broken into sections and each person on committee is reading through and will make changes then bring to Vickie and she will send it to Jacob Smallhorn , City Attorney.

Donna Taylor recited her Oath of Office and was welcomed by the committee
