Public Works Report:

Clifton did not have a report but wanted to Thank Jamie Temples and Caleb Maxedon for going above and beyond to help during and after the storm. He is hearing lots of compliments on how they handled the aftermath of the high winds and power outage while he was on vacation. Power outage 48 hours and some residents were out longer than that. They had to operate the water tower by hand to ensure continuation of water service. In addition to cleanup and locating underground lines to allow Ameren to fix poles, they also dealt with a water main break.

Unfinished Business:

- A. Recycle Bin: The Oakland-Hindboro Charitable Foundation hopes to be able to help the City fund the recycle bin. They will create a survey to determine interest in funding the bin. They would like to try and raise half the amount.

Good and Welfare:

Mayor Turner read a letter from E.A.W.D letting customers know that they will be taking their 500,00 gallon water tower out of service for cleaning and upgrading . Wanted residents to be aware in case they notice a change in water pressure but it shouldn't really effect them. This will happen around 1st of August and will take 6 weeks.
