Coles County Presentation for Glacier Moraine Solar approval

Coles County PZC Presentation

August 25, 2025

earthrise energy

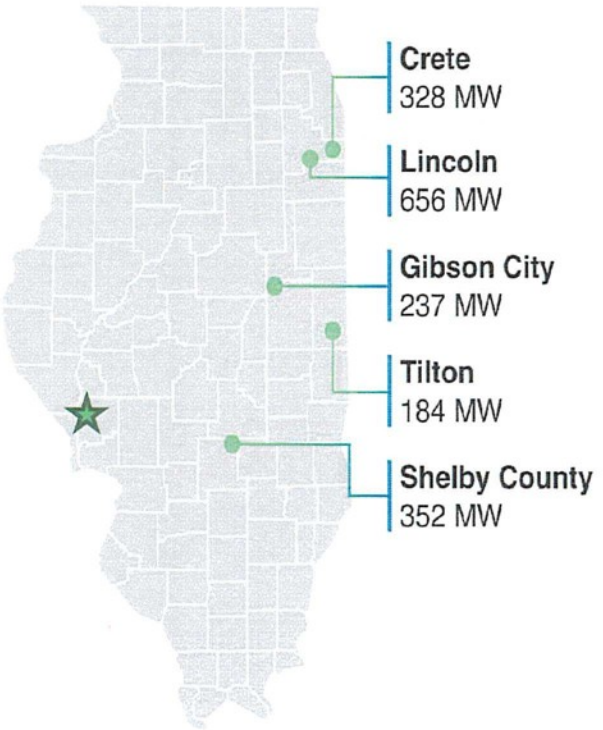

Glacier Moraine Project Team

Project Team	
Development Director, **Earthrise Energy**	Emre Ozmen
Environmental Services Director, **Earthrise Energy**	Graham McFall
Engineering Manager, **Earthrise Energy**	Joseph Horn
Project Manager, **ERM** (Environmental Diligence)	Brad Steffen
Counsel, **Mcguire Woods**	Kyle Barry
President, **Strategic Economic Research** (Tax Benefits)	David Loomis
Director, **CohnReznick** (Property Impacts)	Andrew Lines
Director Community Engagement, **Earthrise Energy**	Talya Tavor

Earthrise Energy

- Independent power producer
- Headquartered in Arlington, Virginia
- 5 natural gas peaker plants in Illinois, capacity 1.7 GW
- Solar pipeline of more than 1.5 GW
- 270 MW solar power plant under construction in Gibson City
- Office in Neoga

Shelby County Energy Center, Neoga, Illinois

Capacity: 352 MW

Operating Since: 2000

Invested for the Public Good

Earthrise is registered as a Public Benefit Corporation. This means we align our goals with the long-term needs of all our stakeholders—investors, customers, employees, and the communities we operate in—for the public good. Purpose-built to generate enduring economic, social, and environmental benefits, Earthrise is committed to investing in renewable energy infrastructure and bolstering the local communities where we operate.

- Community Benefit Agreement with the Mattoon Library (In Progress)
- Community Benefit Agreement with the Mattoon (In Progress)
- Community Benefit Agreement with the Neoga CUSD#3 (Under Final Review)
- Community Benefit Agreement with the Mattoon CUSD#2 (In progress)

Letters of Support

- Lake Land College
- Embarras River Basin Agency
- Autism Acceptance of Cumberland County
- Land and Liberty Coalition
- University of Illinois, Illinois Sustainable Technology Center
- Charleston Chamber of Commerce
- Mattoon Chamber of Commerce
- Coles Together
- LIFT
- Lumpkin College
- Ed Walk
- Dorothy Macy
- Tara Beard

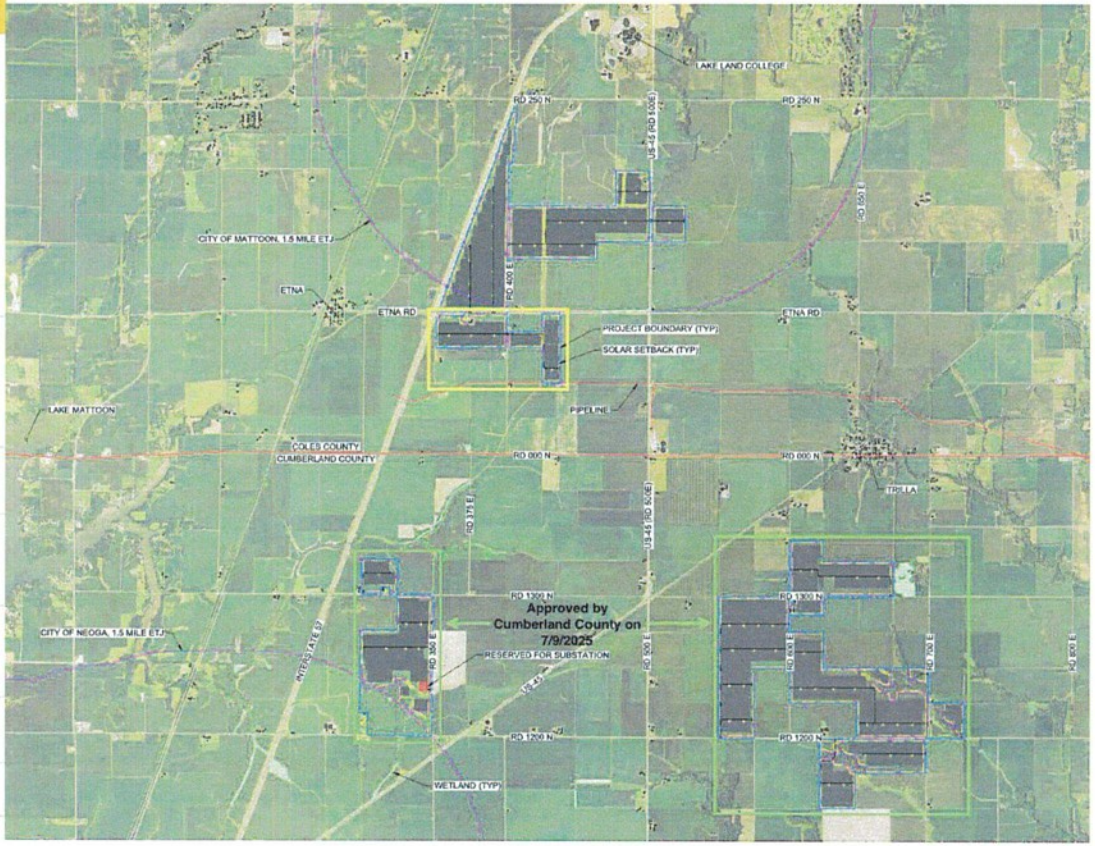

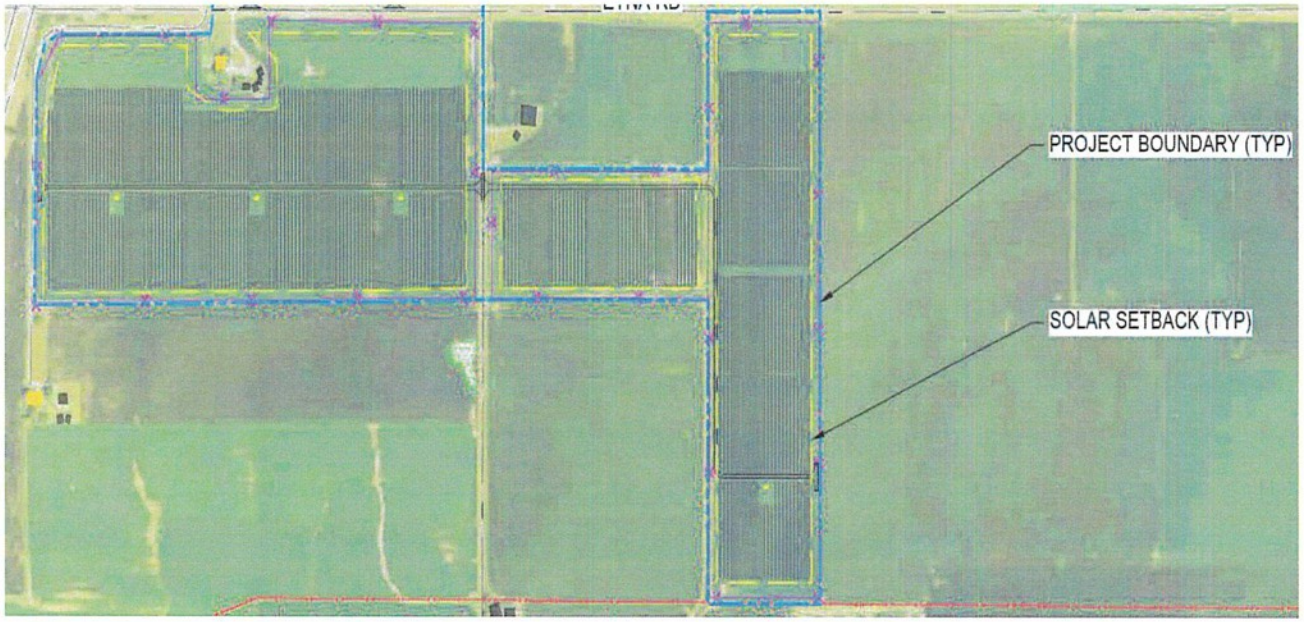

Glacier Moraine, LLC – Siting Approval Application

Project Overview

Capacity at Point of Interconnection	210 MWac total • 127 MWac in Cumberland County (approved 07/09/25) • 83 MWac in Coles County • 17 MW (requested for approval)
Location	City of Mattoon Neoga Township NE of the City of Neoga
Point of interconnection	Shelby County Energy Center
Est. Commercial Operation Date	2027
Est. Start of Field Construction	Q1 2026
Anticipated Project Life	50 years
Transmission Operator	Ameren
Regional Transmission Operator	MISO
Energy Purchaser	100% contracted through the **Illinois Power Agency**

Shelby County Energy Center – Glacier Moraine Solar (Coles)

PROJECT OVERVIEW CONTINUED

Site Footprint	~132 acres / 3 Parcels
Inside the Fence Footprint	~121 acres
Setbacks	• 150 feet from adjacent dwellings • 50 feet from public rights of way and adjacent property lines

Economic Impact Study Results

ECONOMIC AND EMPLOYMENT BENEFITS

Labor Earnings during construction:

- $47.8 Million in labor earnings for Illinois
- $19.5 Million in labor earnings in Coles County

Output during operations:

- $4.2 Million revenue through direct, induced, and indirect earnings for Coles and Cumberland County

Labor:

- Earthrise projects commit to using union labor as can be seen with our currently in construction Gibson City project.

- Glacier Moraine is expected to resource 243 local workers between Coles and Cumberland Counties for the construction of the project.
